Quarterly Magazine

Issue 84 | Christmas Edition | December 2024

Phase One is on the Way

Major Boost for Out o' Space Project

Read inside about a huge boost to the Out o' Space project finances that means building work should begin early in the New Year. Celebrating that new space will soon become a reality are Trustees Allen Jones and Trevor Lawson along with Emily Rhowbotham from Dream Time Baby Massage, with Pippa and Jack, who plans to start courses at the Centre in January and Rob Brining of Rugby Tots who already holds regular classes at The Centre.

This comes on top of some great fundraising events that have taken place over the past few months. Look inside to see pictures and reports on Bonfire Night, the Spooky Hallowe'en Party, Summer Garden Party, Scarecrow Trail and more.

Youth Club in Jeopardy

Youth Club leader Jerry Holland writes inside about the likely folding of the Poppleton Youth Club without an increase in membership. It would be a sad day if this happened - read more on page 7.

Food Waste

Read too about Olio, a fantastic scheme that helps distribute unsold food from Supermarkets, free, to those who need it. You could get involved. Find more information inside.

Job Vacancy at The Centre

Join our dedicated team at The Poppleton Centre as a Weekend Centre Facilities Support Co-ordinator, playing a crucial role in maintaining the cleanliness and hygiene of our busy community centre, ensuring it's always ready for the many events and activities we host. See inside, page 9, for more details or for a full job specification go to our website poppleton-centre.org.uk.

Out o' Space Project Update

Out o' Space Phase One gets Go-ahead

The Out o' Space Project has received a tremendous boost having recently received confirmation of a successful bid for funding from FCC Communities Foundation.

This grant of over £86,000 has brought the overall amount raised above £300,000 enabling Trustees to set about awarding the contract for building work on Phase One, the two new all-purpose studio rooms, to commence early in the New Year.

Trustee Bob Wood updates the Spaceometer

Trust Chairman, Robin Tomlinson, is, of course, delighted with the news. "The development project team have been working hard for

over two years on this project and when we kicked off the fundraising back in July 2023 it was a daunting task. We are hugely grateful to the FCC for agreeing to give us this award and to Chris Starling who has made it happen". FCC Communities Foundation is a not-for-profit business that awards grants for community projects through the Landfill Communities Fund.

FCC Communities Foundation spokesperson, Richard Smith, says: "We're delighted to be supporting the creation of the much needed new rooms at the Poppleton Centre and pleased our funding will make such a difference to the many user groups at the centre. FCC Communities Foundation is always happy to consider grant applications for projects that benefit local communities and we're looking forward to this one having a positive impact very soon."

Disruption Kept to a Minimum

Trustees anticipate the building work will start at the beginning of January and during that time there will obviously be some disruption around the site, which we will endeavour to keep to a minimum. This will be primarily at the far end of the car park where a few parking spaces will be

lost temporarily and the footpath giving access to Poppleton Ousebank school will be closed until the new school year in September.

We will do everything possible to ensure that activity at The Centre is affected as little as possible during this time but hope that everyone will be understanding in our efforts to make the community centre bigger and better.

Phase Two Coming Up

As Phase One gets the go-ahead, fundraising continues to enable the next phase, improving and enlarging The Poppleton Social, to follow on as closely as possible after creation of the new studios.

Add Your Name

The opportunity to Put Your Name on The Building is still open and can be accessed through our website, poppletoncentre.org.uk, or by talking to Beth Kirkham, Centre Manager, at the Centre.

Olio needs your help!

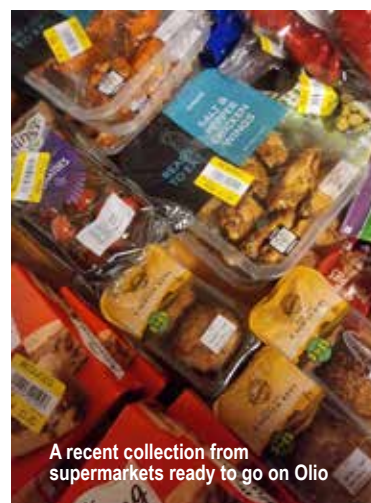

I volunteer with an anti-waste organisation called Olio, writes Poppleton resident Janet Leng, which has the aims of reducing waste, preventing items going to landfill and building communities via a smartphone app. Download the Olio app and you can use it to give away or request almost anything for free but

the biggest draw is the distribution of free food which would otherwise be thrown away by supermarkets and catering establishments. There are two very active volunteers in Poppleton itself. Look out on the app listings from *Peter* and *Jaime*. In the last few days alone they've given away everything from Asparagus and Prawns to Chicken Satay Skewers, Yogurt and much more from Sainsburys, Tesco and Iceland.

Stop the Shocking Food Waste

In the three years I've been doing this work I've been truly shocked by the amount of food that's being wasted sometimes for no good reason - such as clearing shelves for new items overstocking, rebranding of product labels. I've personally shared tens of thousands of food items with around 300 people in North York. The app is free to use although there is an option of subscribing to get an advert-free experience. So sign up. Look out for *Jaime* and *Peter* in Poppleton or even further afield as there's a team of six working in Rawcliffe and further teams based in Acomb.

A recent collection from supermarkets ready to go on Olio

Why do we need YOUR help?

We still need more people to sign up and request free food. We are not a food bank, we give to anyone who requests it and you can save a fortune by requesting from our volunteers. So what's stopping you? Remember to **SHARE MORE, WASTE LESS** with Olio.

New Probus President

The club started the new season on 4th September with the investiture of Jerry Holland as the new President. This was followed by a talk from Maggi Poppa about the "Real Marigold Hotel" and her travels in India which was enjoyed by over forty members present in the Dodsworth Room with others watching on Zoom. In October thirty members of the club went on a guided tour of the Nissan factory at Sunderland. The club has a full programme of interesting speakers booked for the the next six months and welcomes new members.

Jerry Holland, right, receives the Probus Gavel from past president Philip Runacres

Probus is a club for retired or semi-retired professionals and businessmen who live in the local area. It meets on alternate Wednesday mornings from September to May in the Poppleton Centre. Meetings feature guest speakers on varied topics with the emphasis on entertainment and provide the opportunity to socialise and meet like-minded people from within our community.

For more information please contact the membership secretary Roper Langford. Tel. 01904 786565, email hopscoatch@live.co.uk

Poppleton Youth Club - Use it or lose it!

There has been a youth club in Poppleton for over forty years, writes Jerry Holland. Until two years ago it was located in the purpose built youth club building adjacent to what is now Ousebank School. Subsequent to the school becoming an academy the Club became homeless but was able to arise phoenix like due to the support of Poppleton Methodist Church who have allowed the club to meet

in their old Church Hall.

For most of 2023 and 2024 the club was well attended with up to 40 children and young people between the ages of 11 and 17 coming to the Friday night sessions between 7pm and 9pm. The club, which is supported by both the Parish Councils, provides traditional activities such as pool and table tennis as well computer games. In good weather the children play football, swing ball and other games on the village green opposite the church hall. The leaders try to provide activities to meet their members needs and requests, for example on the last Friday of term having a Halloween night.

Come and try us out

Unfortunately since the start of the Autumn term attendances have fallen to a point such that the club is no longer viable. Unless numbers increase the club will have to close at the end of December. The message to the children and young people of Poppleton is quite simple; "use it or lose it". It would be a loss to the community if this facility was no longer available.

The club is open to children from year 6 upwards. Admission is free on the first visit and only £2.50 each week thereafter. For information email poppletonyouthclub@gmail.com or just turn up at 7pm on any Friday night up until 13 December.

If you'd like to join our 15 intrepid trekkers on the trip of a lifetime and help raise funds for the Out o' Space Project, call Beth on 01904 797478 or email info@poppletoncentre.org.uk for details

News from Nether and Upper Poppleton Parish Councils

From Neil Lawrence

Biodiversity in Poppleton

As mentioned in the last issue of Centrepiece the Parish Councils are undertaking a study of biodiversity in the village. Biodiversity is the collective term for the variety and abundance of forms of life found in an area, including animals, plants, fungi and micro-organisms like bacteria. Each of these species and organisms work together in ecosystems to maintain, balance and support life.

Biodiversity Working Group

A Biodiversity working group with members from both Upper and Nether Councils has been set up to concentrate on this issue.

First tasks for the new group include finding out the special things that the village already has (for example, Tansy Beetles, Bee Orchids, Daubenton's Bats) and getting feedback on improvements to biodiversity that villagers would like to see.

Future Projects

In the longer term our new group needs to identify future projects. We have some first ideas, but this is a substantial task which will involve short- and long-term actions. In the case of wildflower diversity this might stretch from limited wildflower planting to serious ground works to reduce soil fertility to create a sustainable wildflower meadow. Also given the large percentage area of Poppleton that stands as private gardens, village gardeners could add biodiversity to their own property, for example by encouraging hedgehog movement between gardens with small fencing gaps and keeping patches of nettles for butterflies.

Bee Orchid

Wildlife Already Around Us

While there is scope for improvement in biodiversity there are nevertheless interesting and outstanding examples of wildlife already existing in the village and its surroundings, a few of which are described below.

A number of Bee Orchids appeared in the Park and Ride in July. The village grass verges have many varieties of fungi, for example Shaggy Inkcap at the corner of West Field Lane and Hodgson Lane.

Shaggy Inkcap

Both churchyards have particularly strong fungus populations including Fly Agaric in All Saints.

Fly Agaric

York Community Woodland

A major wildlife project which is under development is the York Community Woodland at the end of Northfield Lane. A couple of years ago it was planted up with cornfield weeds as shown

below. This could be a possible wildflower meadow type for Poppleton. The outstanding example of wildlife in our area is the Tansy Beetle which

Cornfield Weeds

Tansy

only exists in two places in the UK, with the main population being in York, though some have been

found in Poppleton. The food plant of the caterpillars is Tansy (not surprising!) which grows on the banks of the Ouse. Links to articles from the Yorkshire Wildlife Trust and Buglife give further details.

<https://www.ywt.org.uk> › invertebrates › beetles › tansy..

<https://cdn.buglife.org.uk> › downloads › Species

Get Involved

We feel there must be an enormous store of wildlife knowledge in the village. We would like the birders, botanists, ecologists, mycologists, entomologists, bat experts, bee experts, etc. and anyone else (young or old) who is interested in sharing their expertise, enthusiasm and time with us to work together to improve the biodiversity of our lovely villages.

Please contact us on poppbiodiv@gmail.com

Councillor Bill Hall, Biodiversity Group

What's the Big Dig on Main Street?

If you're wondering what the excavation work is that's going on down Main Street near the pumping station, here's what it's all about.

As part of their £180 million commitment to reduce sewer spills to the environment Yorkshire Water are investing in the storm overflow off Main Street to reduce spills to the river Ouse. This work started in July 2024 and is expected to be completed by February 2025. They are installing an additional underground storage tank for the local sewerage network. During periods of heavy rain flows will be retained in the underground tank until the weather returns to normal. The flows will then be returned for final treatment which will significantly reduce spill frequency from the storm overflow.

Great Party at The Nelly

A beautifully sunny afternoon in late August ensured that Tom Brown's Garden Party at the Lord Nelson to raise funds for our Out o' Space Project was a great success.

Four great bands - Just Another Jester, What the Duck, Victory Samosa and Homemade Monsters- did a fantastic job keeping the crowd happy and ensuring it was a great afternoon.

Huge thanks to Tom, Peter and the team at the Lord Nelson for hosting this fundraiser, to the bands and to everyone who came along.

York's Baedeker Raid 1942

by Malcolm Brooke

The new season opened with 49 people hearing about a particular German raid on York in WWII. York had already been targeted four times since October 1941 before the main raid. The name Baedeker came from Gustav Braun von Stumm, a spokesman for the German Foreign Office; "We shall go out and bomb every building in Britain marked with three stars in the Baedeker Guide", a reference to the popular guidebooks, first published in 1832 and which continue today. They were published in French and English.

The raid was in retaliation for the bombing by the RAF of the medieval town of Lubeck 28 March 1942. The cathedral cities of Exeter, Bath, Norwich, York and Canterbury were targeted with considerable damage to all. However, only Exeter suffered notable damage to its cathedral.

York was vulnerable to attack, having local airfields serving RAF fighter planes, being the headquarters of Northern Command, possessing an aircraft repair department and an important railway junction. Cook, Troughton and Simms employed 3000 workers in its factory manufacturing scientific instruments for use in the war, like range finders and binoculars.

Radar stations were being developed along the east coast, one being at Bempton Cliffs and all information was fed into Bentley Priory for analysis and action; the Dowding System was highly effective in WWII. York had poor defences with no effective anti-aircraft guns and only one fighter plane. The 36 public shelters were mainly either Anderson or Morrison type. On 29 April the first bombs fell at 02.44.

More than 70 planes, Junkers, Heinkels and Dorniers bombed and machine-gunned York affecting the railway station, the Guildhall, St Martin le Grand Church, the Bar Convent with five nuns killed, Rowntree's warehouse of sugar and Poppleton Road Primary School. Houses in Rawcliffe Lane and Westminster Road were among those attacked. A York Gas company map showed clearly the extensive damage. The 'all clear' was at 4.46 with the raid lasted 2 hours. 20 locomotives and 436 carriages were damaged or destroyed in the raid with a packed troop train from London held at platform 9 and which emerged unscathed. 115 people died of injuries in the raid.

A plaque on the site of the damaged church of St Martin le Grand pays tribute to pilot officer Mahe who shot down one German plane over Crockey Hill. In peacetime the German people made reparations to the church and donated an organ which can be heard today.

News from Poppleton Sports Clubs

Poppleton Lawn Tennis Club

News from Hilary Spencer

New Members Welcome

We are a vibrant, social and family friendly tennis club where new members are always welcome. Our tennis teams of all categories have had a successful season with achievements in local and district leagues, also county tournaments.

Our head coach Belinda Turnbull has been nominated for the LTA Yorkshire lifetime achievement award because of her significant dedication to tennis in Yorkshire, particularly with junior players. Good luck Belinda!

It's a great time to sign up for Winter Memberships, to meet new players and enjoy a game on our new artificial clay courts. They are playable in most winter conditions unlike many other surfaces. There is also a Singles Challenge Ladder with 36 players of all levels and abilities competing.

Adult group coaching takes place on Saturday mornings from 10-11am. Ladies' social tennis is on Monday afternoon and men's social tennis on Sunday mornings from 10-12. Wednesday Club Night social tennis is organised from 6.30 – 8.00pm. Open to all members, balls and floodlights provided. Please visit our website for further information. We look forward to seeing you on the courts. Best wishes for the festive season

Merry Christmas and a Happy New Year everyone!

Poppleton Football Club

Juniors

News from Rich Fox

Join Our Girls team?

Are you a Year 10 girl looking for a fun new challenge or fresh start? If so, we need you! We're recruiting for our U15s girls football team, a great opportunity to join a friendly group of girls with highly qualified coaches at our successful community football club. Please call or text Shannon for more info: 07745 723 804.

Under 19s Boys Recruiting

Another team on the look out for new talent is our U19s boys team; if you're interested and are 19 or under in this academic year, please drop Paul a text, or call 07583 040 657.

Recent Investment

We've been sprucing things up at the club during the autumn, to include our new branding since becoming Poppleton Football Club - erecting new signage, swapping out all of our old broken goals for brand new ones and buying smart new corner flags to replace our tatty old flags! Thanks to all who support us throughout the year for helping us create a great environment in which our young footballers can thrive.

Café Volunteers

We've some big plans for our café, but in the meantime we're always on the look out for willing volunteers - if anyone would like to help serve teas and coffees to chilly spectators, please text or call Bel on 07982 243 021.

Seniors

News from Alex Janes

Solid Season Start

Poppleton FC firsts have had a solid if unspectacular start to the season with some positive results mixed in with some narrow defeats they were unlucky to be on the wrong end of.

The second team have welcomed to the newly merged clubs u19 players and although they are yet to pick up a win this season, it is certainly a good introduction for the young lads to adult football.

The Seniors were delighted to support the fantastic Bonfire Night held recently and thank everybody for their support of the event

Poppleton Bowls Club

News from Colin Robinson

Season Ending

The club season ended in early September and unlike last season was not such a success for the club. The Men's Evening League Team were relegated to Div 2. More than a few of the matches were lost by only a handful of points, so there is hope for a swift return to Div 1 next season.

The Veteran's Teams also had mixed results with our B team, last year's Div 1 winners, finishing in third place this year, albeit only one point behind the runner-up. Our A team managed to hang on to a place in Div 1. Our C team just missed promotion by one point in Div 4. Our D team ended up mid table, also in Div 4.

So a reasonable season for our four teams.

Our Ladies were somewhat more successful with a second place in the Challis League and a third place finish in the Ladies Evening League. The Ladies finished their season with the tradition Ladies Bowlers lunch at the Lysander Arms. There was a very good turnout of present and past lady players who enjoyed an excellent lunch and good company.

The club internal competitions were played throughout the season culminating in the various finals taking place over the weekend of the 17/18 August. There were a lot of hard fought matches in the various categories watched by a good turn out of spectators. Afterwards there was the traditional bowls tea!

President's day was held on Sunday 1 September, an afternoon of fun and friendly

bowling which raised no less than £575 for our President's chosen charity which this year was St. Leonard's Hospice.

The season ended with the club lunch and prize giving at the Red Lion pub and motel in Upper Poppleton. The prize giving brought the event to a close with our President, Sue Needham handing out the prizes. That was then the end of our season. Win or lose it is always enjoyable and we look forward to next season which will commence around the middle of April 2025 depending on the weather.
